Re: **Resolution adopting the Dania Beach CRA Budget for Fiscal Year 2020-2021**

In accordance with Florida Statutes Chapter 189.016, the governing body of the Dania Beach Community Redevelopment Agency (CRA), operating as a special district, shall adopt a budget by resolution each fiscal year. The CRA Board met on August 21, 2020 to consider recommendations from the CRA Executive Director on the proposed Fiscal Year 2020-2021 Budget. Today, the CRA Board will take action to approve the final Fiscal Year 2020-2021 Budget as adjusted.

Fiscal Year 2021 Budget - CRA Fund

Revenues

Revenues for the CRA for FY 2021 and include the following:

City of Dania Beach

- General Fund - In-lieu of Tax Increment from the City
Represents funding (in lieu of tax increment) from the City for operations/redevelopment initiatives that benefit the business owners, residents, and customers within the CRA with broader positive impacts to the entire City.
 - The CRA is accepting and approving a previous allocation from the City of Dania Beach in reference to an Oasis Housing Project and repurposing these funds for property acquisition in furtherance of a substantial housing project.
- Cost Allocation
Represents funding from the City used to cover the CRA's portion of the cost allocation plan. The City of Dania Beach completed a cost allocation plan that is a model for allocating costs from the City's support functions (e.g. Finance Department for processing payroll and vendor payments) to its users (of which the CRA is one).

At Home Dania Beach Program

Represents forecasted program revenue collections from property sales in FY 2021.

PATCH Revenues

Expenditures

Expenditures for FY 2021 and include the following:

Operations

- Costs for existing and new programs, projects and initiatives.
- Personnel (represents funding for three full-time positions and five part-time positions). This budget reflects the previously approved reclassification of the existing Coordinator II, CRA position (from fulltime 40 hours to part time 20 hours) to better reflect current CRA operations. This budget also reflects the reclassification of the Manager II, CRA position to a Manager III, CRA position.
- Miscellaneous operating expenditures, professional redevelopment services, etc.

Cost Allocation

Represents reimbursement to the City for administrative services provided to the CRA (e.g. finance department for payroll, and vendor payment processing).

Debt Service (Loan Repayment Reserve)

The CRA borrowed \$5.3 million under the Broward County Redevelopment Capital Program (RCP). The FY 2021 budget includes funding to cover the estimated debt service related to the RCP.

Reserves

The FY 2021 budget includes an allocation to reserve totaling \$100,000. Reserves are an integral part of the budget and are necessary to cover deficiencies in revenue collection/forecasting as well as provide flexibility to invest in redevelopment opportunities as they arise.

Recommendation

Approve the FY2021 Budget as amended.

Dear Chair, Vice-Chair and Board of Directors of the Dania Beach Community Redevelopment Agency:

In accordance with Florida Statutes Chapter 189.016, the governing body of the Dania Beach Community Redevelopment Agency (CRA), operating as a special district, shall adopt a budget by resolution each fiscal year. As such, I am pleased to present for your consideration the Executive Director's Annual Budget Proposal for the Fiscal Year commencing October 1, 2020. The recommended budget is a reflection of existing economic conditions as well as priorities and policies set by the CRA Board of Directors within the guidelines of the adopted Redevelopment Plan. The budget proposal herein outlines the resources needed to strategically approach recovery and resiliency through strengthening businesses, eliminating slum and blight, improving quality of life, promoting housing opportunity, place-making and increasing the tax base in the Redevelopment Area.

Fiscal Year 2020 brought many challenges for the Redevelopment Area and the CRA budget. The COVID-19 pandemic has exacerbated and highlighted the preexisting structural and social inequality surrounding the intersectionality of public health, housing, transportation, education, jobs and income. Areas designated as Redevelopment Areas are and will continue to be the hardest hit because of the pandemic. Therefore, investment in these areas should continue with the goal of promoting stability, sustainability and growth with positive effects spanning beyond the boundaries of the Area.

The COVID-19 pandemic has affected the revenues of the City and the CRA. As a result, the CRA has made every effort to mitigate loss of revenue in FY2020 and reduce expenditures during FY2021. The economic fallout from COVID-19 has guided the focus of the proposed FY2021 Budget with an increased investment in business attraction and retention through new and existing business-related grants and programs.

The combined proposed budget for Funds 106 and 112 for Fiscal Year 2021 totals \$ 2,307,141 including operations, transfers, and re-appropriations. About 46 percent of the proposed revenue stems from contributions from the City of Dania Beach General Fund. The City Manager has proposed \$1,073,926 in General Fund contributions to the CRA, reflecting a 25.66 percent decrease from the FY2020 amended budget General Fund contribution of \$1,444,548.

The General Fund contribution is itemized as follows: \$840,137 in operating resources and \$233,789 for the administrative cost allocation back to the City. Other revenue sources include interest earnings, grants, and At Home Dania Beach program revenue. The remaining revenue sources are re-appropriations of CRA appropriated fund balance from FY2020. About 23 percent of revenue stems from re-appropriations of CRA appropriated fund balance.

Over time, the Redevelopment Area has seen steady growth as shown by the incremental increase to the tax base. While most CRAs receive tax increment financing (TIF) from both the governing City and County, the Dania Beach CRA receives neither. The Dania Beach City Commission adopted Ordinance No. 2011-002 on January 11, 2011, providing for a covenant to budget and appropriate legally available funds to pay an amount equal to the City's annual contribution to the tax increment financing (TIF) of the CRA for the term of the CRA. Alternative to the adopted Ordinance, the City has and continues to provide the CRA with a General Fund contribution in lieu of City TIF.

BUDGET MESSAGE

COMMUNITY REDEVELOPMENT AGENCY

FY 2021

Based on the incremental increase to the tax base in the Redevelopment Area, the City's TIF contribution to the CRA for FY2021 would be \$3,000,000. As the proposed General Fund Contribution for FY2021 is \$1,073,926, the CRA is only receiving 35 percent of the would-be City TIF amount. In comparison, in FY2020, the CRA received 55 percent of the would-be City TIF amount of \$2,600,000 as a General Fund contribution. This 20 percent reduction from FY2020 to FY2021 demonstrates the CRA's efforts to assist the City with meeting financial obligations and maintaining service levels in consideration of the reported negative economic impact of COVID-19 on the City's Finances.

The proposed budget includes ongoing and new projects, programs, initiatives and investments related to business attraction and retention incentives, commercial and residential grants, housing development, sustainability and marketing.

Mission

The mission of the Dania Beach Community Redevelopment Agency is to create and implement economically sound redevelopment and revitalization activities in the City of Dania Beach, improve the unique quality of life while simultaneously facilitating investment, commercial development, innovation and growth for our diverse population.

Redevelopment Goals: 2015 Adopted CRA Plan

1. Enhance and Reinforce the CRA Sub Areas
2. Eliminate Substandard Housing and Provide Affordable Housing
3. Redevelop the CRA in a manner that is Energy Efficient and Sustainable
4. Attract Targeted New Industries and Retain and Expand Core Industries
5. Enhance Redevelopment Activities through an Active Marketing Strategy that Supports Redevelopment Initiatives

BUDGET MESSAGE

COMMUNITY REDEVELOPMENT AGENCY

FY 2021

Notably missing from the budget this year are revenues and expenditures related to the Arts and Seafood Celebration. The 8th Annual Arts and Seafood Celebration was cancelled in 2020 just two weeks before the event date due to COVID-19. The 7th Annual event was patronized by 19,000 people. Staff cannot recommend planning and executing such a large-scale event given the unknown public health conditions and restrictions that may be in place. Staff also anticipates challenges with securing sponsorship revenue to offset the expenses for this event. This budget also excludes the annual \$5,000 sponsorship of the Vintage Motorcycle Show, which is the second largest event in the City. Instead, the CRA has repositioned these resources to fund business assistance and development programs. In addition, in advance of the FY2021 budget, the CRA Board approved a FY2020 budget amendment to transition the Coordinator position from fulltime to part-time with an estimated cost savings of \$59,300. This reclassification occurred based on the current needs of the CRA.

Accomplishments

During Fiscal Year 2020, the Dania Beach Community Redevelopment Agency (CRA) has had several accomplishments including:

Economic Development: Business Attraction, Retention, and Commercial Revitalization

1. In addition to collaborating with the Florida Department of Economic Opportunity, Enterprise Florida, and Broward County on a high impact qualified targeted industry incentive package for the relocation of Spirit Airlines to Dania Beach in FY2019, the CRA worked with Broward County to match its Direct Cash Job Creation Incentive Program valuing \$225,000 in FY2020. This incentive added to the CRA's previous \$135,000 commitment and collectively served as a business attraction incentive for the project, which has a construction value of \$250 million. The match also incentivizes the creation of 225 new high-wage jobs.
2. Following a selection process for the City Center Redevelopment public-private-partnership (P3) project entitled *The First at Dania Beach*, the CRA participated with City Management in the City Center development negotiations with selected developer Armada Hoffler. Negotiations were halted for various reasons including the projected economic impact of COVID-19.
3. Entered into an interlocal agreement with Broward County to receive \$1,000,000 in Broward Redevelopment Program grant funds to incentivize the development of the Trion at Dania Beach, a mixed-use development project valuing \$80 million and featuring 340 housing units and 13,000 square feet of ground floor retail. The project will also create 40 new jobs.
4. Entered into a development agreement with 4 N Federal LLC to develop the Trion at Dania Beach. The CRA's contribution of grant funds will provide for public improvements and amenities such as streetscape improvements and a public park in the heart of downtown Dania Beach.
5. Worked on behalf of the CRA and the City to amend the tri-party Loan Agreement with Broward County relating to the debt associated with the municipal parking garage infrastructure project at City Hall. This amendment officially reduces the outstanding loan balance to \$621,876 and stems from the CRA's successful loan conversion request to Broward County during FY2019.
6. Four (4) Commercial Property Improvement Grant projects were completed including Barbee Jo Collectibles, Associates MD medical offices, Fish Grill restaurant and Alex's Flamingo Plaza (1 and 2). Together these projects reflect an investment of over \$90,000 by the CRA and over \$300,000 by the property owners and tenants. The property improvements correlate with increased property value assessments and the associated increase in property tax revenue for the City.

The program has provided exterior painting and landscaping for eleven (11) homes to date during FY2020. The program services income eligible households in the Redevelopment Area and serves to enhance curb appeal in clusters experiencing blighted conditions. The CRA worked with Dania Beach Code Enforcement to identify potential candidates. Although COVID-19 temporarily paused this program, efforts have since resumed. Thirty-three (33) households are on the current waiting list, for a total of forty-five (45) households. .
22. Participated in project management team meetings for the CRA Multimodal Enhancement project partially funded through the FDOT TAP Grant secured by the CRA in 2014.  - The City's 115th Birthday Anniversary was observed on November 9, 2019 at Dania After Dark. A commemorative logo, new banners and special art piece were developed for the event. Distribution of authentic Danish treats and a performance by a Bahamian Junkanoo band paid homage to the cultural roots of the City.
 - In February 2020, in honor of the National Football League's Super Bowl LIV, the CRA staged Touchdown Dania Beach an ultimate tailgate experience in Dania Beach to promote the City. The celebration was part of a joint marketing and event collaboration which included the Casino at Dania Beach, Dania Pointe, and the City's Parks and Recreation department. A drumline performance and special appearance by five (5) NFL players were the highlight of the event.

Request:

- 1) **Business Attraction Program: Financial Incentives Program for New Businesses** (CRA Plan, page 82) – “Attracting new businesses will be critical to the success of the redevelopment and revitalization of the commercial portions of the community redevelopment area. The ability to offer financial incentives increases the potential for success in attracting the numbers and types of businesses needed and desired to create a sustainable business community. The CRA is empowered to pay incentives to new businesses that locate in or established businesses to relocate to the community redevelopment area. The CRA will prepare and adopt guidelines as to the type of businesses that will be eligible and the amount of the financial incentive.” (\$100,000.00)

- 2) **Business Retention Program: Small Business Resiliency Reimbursement Grant** (CRA Plan, page 24 & 82)
 “The CRA, in cooperation with the Broward Sheriffs Office, Dania Beach Fire Department, and Code Enforcement Division, shall work to create a safe, quality environment for residents and businesses.”
 “There will be an ongoing need to ensure awareness of investment, development, business, and residential opportunities within the redevelopment area. In addition, there will also be a need to provide promotional support for area businesses and to create an identity (branding).”
 On July 28, 2020, the CRA Board approved the grant program for businesses with five (5) or fewer employees. The Board also sought to provide additional funds and/or higher funding levels. (\$25,000.00)

- 3) **Business Retention: Business Development** (CRA Plan, page 88)
 “Local economic gardening is a practice that supports existing businesses and begins to build growing industries from the bottom up. Of primary importance to this Plan is the CRA’s ability to provide programming and assistance to existing businesses. Programs include guest speaker/trainings; financial and technical assistance, business visitations, marketing and ancillary activities supported by the CRA that draw visitors and new residents to the City of Dania Beach. As the CRA pursues its redevelopment projects, program funding should continue to be allocated for these activities and the CRA should have the fluidity to change the types and processes for providing business assistance that will respond to emerging industries and trends.” (\$75,000.00)

Background

The COVID-19 pandemic combined with various emergency orders and restrictions have put a financial strain on the business community in Dania Beach. Many businesses have or are on the verge of closing down. Businesses that will recover will likely have significant debt and operate in a long-term state of fragility. While we have yet to see the true economic fallout from the pandemic, it is widely understood that a surge in commercial vacancies is forthcoming. This presents a challenge as vacancy rates can affect property assessments and values and the revenue generated for the City through property taxes. However, this challenge also presents an opportunity for new businesses to emerge and occupy newly vacated spaces.

Current Situation

The CRA would like to focus on business recovery and stability by investing in a two-pronged approach to business assistance in terms of 1) attraction and 2) retention. Based on the CRA Plan, one of the five overarching Redevelopment Goals is to attract and retain businesses. Most CRAs use incentives as a major part of the economic development toolkit. While the Dania Beach CRA already offers a Commercial Property Improvement Grant, this only benefits property owners and tenants with matching funds to invest in their property. With economic conditions currently in a bad state and possibly worsening, most cities are escalating their business outreach programs to attract those firms that have the resources to seek new and/or expansion locations. The Dania Beach CRA must act strategically in this competitive market to mitigate the devastation to the local business community and make every attempt to attract new businesses.

Detailed Description of Operations/Level of Service Being Affected

Request:
 The Executive Director is requesting a modification to the classification of the existing full-time Manager II, CRA position (Grade 116). The modification will allow for the creation of a Manager III, CRA position (Grade 119).

Background
 The depth and breadth of the job duties and responsibilities of the Manager II position has been enhanced over time without acknowledgement through a reclassification and update to the job description. Officially reclassifying the position from lower-level management to mid-level management reflects the current role and capacity of the position. Development of policy recommendations, budgets, reports, resolutions, contract terms and scope of services and performing a higher level of program management, project management and operations management is indicative of the growth and capacity of the position which does not currently match the class title and grade.

Current Situation
 The role of the Manager II, CRA position calls for greater involvement in activities that require a higher level of management tied to redevelopment projects, programs and grant administration. This necessitates an upgrade to the class title.
